PROJECTS

Weather App | HTML, CSS, JavaScript, APIs

- Developed a weather application using HTML, CSS, and JavaScript.
- Integrated with a weather API to fetch real-time weather data.
- Implemented location detection and search functionality.

Food Delivery App Design | Figma, Adobe Illustrator, Photoshop **(Behance Profile)**

- Designed intuitive user interfaces for a food delivery app, focusing on ease of navigation and a seamless ordering process.
- Utilized design tools such as Figma to create high-fidelity mockups and design assets.

Portfolio Website | HTML, CSS, JavaScript, Bootstrap **(Click to open)**

- Created a personal portfolio website using HTML5, CSS3, and JavaScript to showcase my projects and skills.
- Designed and made the website responsive for various devices to enhance user experience.

ACADEMIC PROJECTS

- Designed and developed a personal portfolio website to showcase my projects and skills.
- Created a responsive landing page using HTML and CSS for a fictional e-commerce website.
